13 Supplementary Policy on Missed Writing Assignments

If you cannot meet the deadline for Writing Assignment 2 or 3 for a reason beyond your control, you will be excused from the writing assignment that you miss and the score on the other writing assignment will be doubled, so that the total score compensates you for the foregone points on the missed writing assignment. The writing hub bonus, for seeing a writing hub tutor, will also be doubled.

To receive the compensating score, you must inform the instructor Marc-Andreas Muendler by email prior to the deadline of the respective Writing Assignment.

If you cannot complete both Writing Assignments 2 and 3 for reasons beyond your control, the default is to leave the course with an incomplete grade. We will then offer a one-week window for you to work on a different Writing Assignment 4 during a week in summer session or early fall quarter that will be common to all students who miss both Writing Assignments 2 and 3.
