

Econ 130 Midterm #2 Grades

I grade on a curve, which means that your grade depends on where you rank in the class, not on a particular score. At the end of the course, I will take a weighted average of all of your scores. Your grade will be determined by how you rank. The grades below indicate how a particular score on the first midterm translates into a grade.

Note 1 – if you are below the cutoff of a grade (say B) by 1 point on midterm 1 but above the cutoff by 1 point on midterm 2, you should count your average as a B.

Note 2 – I cannot answer the question “How many points would I have to get on the final to get a B in the class?” because it all depends on how you rank relative to everyone else on the final.

If you have a question about your score, please ask the TA who graded the question. You have until **December 3** to ask questions about the first midterm. (Info posted on web site.)

Midterm # 2 Curve

A+	49 - 50
A	45 - 48
A-	42 - 44
B+	40 - 41
B	37 - 39
B-	35 - 36
C+	33 - 34
C	30 - 32
C-	28 - 29
D	26 - 27
F	0 - 25

Mean: 36.4

Median: 37

Max: 50

Midterm # 1 Curve

A+	50
A	46 - 49
A-	41 - 45
B+	39 - 40
B	36 - 38
B-	34 - 35
C+	32 - 33
C	28 - 31
C-	25 - 27
D	23 - 24
F	0 - 22

Mean: 33.7

Median: 34

Max: 50
